GENERAL DEPARTMENT.

Resolution no. P. 55.

Bombay Castle, 13th December 1929.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the Municipalities and notified areas in the Bombay Presidency for the year 1927-28.

RESOLUTION.

PART I—SUMMARY.

Number and Area.—The number of municipalities in the Bombay Presidency including Sind was 156 as in the previous year. The municipality at Vambori in the Ahmednagar District was abolished with effect from the 1st April 1927 and a new municipality was established at Manmad in the Nasik District with effect from the 1st January 1928. The numbers of notified areas in the various divisions of the Presidency proper, exclusive of those which merely exist for the control of buildings and do not levy taxes, were eight in the Bombay Suburban Division, one in the Central Division and four in the Southern Division. The establishment of three more municipalities in place of the existing notified area committees at Andheri, Vile Parle and Santa Cruz has, during the year, been administratively approved by Government. The changes are expected to come into operation during the year 1929-30.

2. *Change in the population and boundaries.*—There has been no appreciable change in the population resident in the municipal districts in the year under review. The total was 26,82,553. The municipal limits of Kapadvanj in the Northern Division, of Jalgaon, Malegaon and Sholapur in the Central Division and of Larkana in Sind were slightly altered during the year.

3. *Constitution of Municipalities.*—The terms of the municipal boroughs of Ahmedabad, Broach and Surat in the Northern Division expired during the year and the new boards came into office with the revised constitution in accordance with the provisions of the Bombay City Municipalities Act, 1925. Triennial elections were also held in the municipalities of Umreth, Anand, Borsad, Dakor, Mehmedabad, Kaira and Nadiad. By-elections due to death, resignation or disqualification of councillors occurred at Nadiad, Kapadvanj, Godhra, Thana and Bassein. The rules regarding the reconstitution of the Nadiad and Thana municipal boroughs were amended with a view to bring them into conformity with the provisions of the Act XVIII of 1925. The new arrangement will come into force at the time of the next general elections.

In the Bombay Suburban Division there was no change in the constitution of the municipalities.

In the Central Division triennial elections were held during the year in the municipalities of Ahmednagar, Jalgaon, Bhusawal, Dharangaon, Dhulia, Nasik, Manmad, Trimbak, Indapur, Sirur, Jejuri, Baramati, Lonavla, Poona Suburban and Sangola. The term of office of the Poona City Municipality was due to expire on the 31st March 1928, but owing to failure to observe the rules in the preparation of the electoral roll, the roll had to be prepared afresh and hence the term was extended to 15th August 1928. By-elections owing to death, resignation or disqualification of councillors were held at Bhusawal, Raver, Shirpur, Sindkheda, Shahada, Sinnar, Talegaon-Dabhade, Indapur, Poona City, Karad, Wai, Satara City

and Sangola. At Shirpur as no candidate came forward for the vacancy which occurred on account of the resignation of a Muhammadan councillor, no by-election was held and the vacancy was filled by nomination under section 10 (2) of the Bombay District Municipal Act, 1901.

In the Southern Division triennial elections were held at Saundatti-Yellamma, Matheran, Ratnagiri, Malvan and in all municipalities in Dharwar and Kanara districts except Hubli and Kumta. The elections were generally keenly contested. In Byadgi the voters' lists were manipulated by the President and the Returning Officer so as to secure a majority of their own party on the board. The matter is under the consideration of Government. In Ratnagiri an application to set aside the election of a councillor was dismissed by the Court. By-elections were held at Gokak, Bail Hongal, Belgaum, Athni, Ilkal, Hubli, Alibag, Pen, Roha, Uran and Chiplun. The constitution of the municipal boroughs was slightly modified by the addition of a separate constituency for the depressed classes in accordance with the provisions of the Bombay City Municipalities Act, 1925. The terms of office of the councillors of the Dharwar and Gadag-Betgeri municipal boroughs were extended in order to enable the boroughs to hold their elections under the Act XVIII of 1925.

In Sind the constitution of the municipalities remained unchanged.

4. *Attendance at Municipal Meetings.*—The number of meetings held was 3,783 against 3,854 in the previous year. The average attendance of members throughout the Presidency fell from 59·55 in the previous year to 50·3 per cent. in the year under report. Instances of failure to attend two-thirds of the total number of meetings were common.

5. *Changes in the system of taxation—House tax.*—There was no important change in this direction. Saundatti-Yellamma and Ghatkopar-Kirol municipalities revised their house-tax schedules and Matheran brought into force its revised tax on houses and lands. The report of the Bijapur municipality regarding the revision of the house tax assessment lists is still awaited, though it is now nearly three years since the matter was first brought to its notice.

Octroi.—The octroi schedules of the Manjhand, Matiari, Hala and Shahdadpur municipalities in Sind were slightly revised during the year.

Terminal Tax.—Terminal tax in place of octroi was introduced in Bulsar and Tando Adam. Broach, Kalyan, Kumta, Vengurla, Karad, Kotri and Larkana have re-modelled their terminal tax schedules. The Kalyan municipality reduced the rates of terminal tax on rice and cloth by about 50 and 25 per cent., respectively, on complaints from the Bhiwandi merchants that the tax operated as a mere transit duty on goods intended for Bhiwandi.

Water rate.—The Ahmednagar and Poona City municipalities revised their water rates. The Matheran municipality brought into force its revised water rate.

Sanitary Cess.—Viramgaon, Ghatkopar-Kirol, Poona City, Ratnagiri and Uran have taken action to revise their schedules of special and general sanitary cess. The levy of a special sanitary cess by Bagalkot was sanctioned during the year.

Conveyance tax and tolls.—There is a disposition to impose toll and wheel tax in new areas and to increase the rates of levy of these taxes where they are already in existence.

Miscellaneous taxes.—The increase in the rate of pilgrim tax from one anna to one anna and a half at the station naka of the Dakor municipality was sanctioned during the year. Rules for the levy of a tax on dramas, cinemas, etc., were introduced by Gadag-Betigeri. The municipality's proposal to levy a tax on tea-shops, hotels, etc., was approved. Ranebennur has imposed a similar tax. The rates of dog tax were revised in Matheran.

6. *Municipal income.*—During the year under report the aggregate gross income of the municipalities increased from Rs. 339 lakhs to Rs. 378 lakhs. Deducting receipts under " Extraordinary and Debt " the net income amounted to Rs. 231 lakhs against Rs. 236 lakhs in the previous year. The decrease of 5 lakhs was mainly under the head " Miscellaneous."

There was an increase of Rs. 5·50 lakhs under " Rates and Taxes " and of Rs. 1 lakh under " Revenue derived from municipal property and powers apart from taxation."

7. *Octroi and Terminal tax receipts.*—Under this head there has been an increase of Rs. 2,13,000, which is shared by Sind and all the Divisions except the Southern Division which showed a decrease of Rs. 30,000. Of this increase as much as Rs. 1 lakh occurred in the Northern Division, Ahmedabad alone contributing Rs. 63,000. The increase in Sind and in the Central Division was Rs. 94,000 and Rs. 44,000, respectively. The increase was mainly on account of terminal tax and was due to improvement in trade conditions.

8. *Taxes on houses and lands.*—The receipts under this head showed an increase of Rs. 1,18,000. The decrease in the Southern Division amounted to Rs. 10,000 while in Sind and in the Central and Bombay Suburban Divisions the figures showed increases of Rs. 57,000, 41,000 and 29,000, respectively. The increase was due mainly to the assessment of new buildings and to better recovery of arrears.

9. *Water rates.*—The largest portion of the increase of Rs. 84,000 under this head was contributed by the Northern Division. The Ahmedabad municipality alone accounted for an increase of Rs. 71,000, the enhanced income being due to the general revision of valuation and also to a reduction in the rate of rebate from one-sixth to one-tenth under the Bombay City Municipalities Act, 1925. The Central Division also showed an increase of Rs. 32,000. These increases were set off by decreases in the Bombay Suburban Division, in the Southern Division and in Sind.

10. *Recovery of dues.*—There was no appreciable change in the total amount of arrears of taxes and dues in all the municipalities of the Presidency including Sind at the end of the year 1927-28. The arrears amounted to nearly 16 lakhs which was the figure for the year 1926-27. Inefficiency on the part of the staff employed on collection work and lack of energetic supervision were to a great extent responsible for the heavy arrears.

In the Northern Division Sanand, Umreth, Dakor, Godhra, Thana and Kalyan have been responsible for large amounts of municipal dues in arrears.

In the Bombay Suburban Division the arrears were heaviest in the Kurla municipality where they amounted to Rs. 2,32,126, which represent nearly one year's current demand from taxation.

In the Central Division out of the total demand of Rs. 22,53,899, the outstandings at the end of the year amounted to Rs. 3,20,910, *i.e.*, 14 per cent. of the total. The major portion of these arrears is on account of house tax, the percentage of which to the total arrears is 48·4 per cent. The heaviest arrears were in Yawal (44 per cent.), Saswad (56 per cent.), Jejuri (63 per cent.), Sirur (61 per cent.), Mhaswad (35 per cent.), Ashta (38 per cent.), Sangola (37 per cent.), and Indapur (71 per cent.).

In the Southern Division, the heaviest arrears were in Athni (32·85 per cent.), Nargund (58·2 per cent.), Navalgund (34·2 per cent.), Dharwar (29·8 per cent.), Gadag-Betgeri (27·7 per cent.), Malwan (42·39 per cent.).

In Sind, the total outstandings amounted to Rs. 2,03,000, Karachi alone being responsible for arrears of Rs. 1,60,000.

In paragraph 26 of Government Resolution no. P. 55, dated the 3rd October 1927, reviewing the reports on the working of the municipalities in the Bombay Presidency including Sind for the year 1925-26, the Commissioners were requested to send a consolidated list for their Divisions to Government giving the names of the councillors of the various municipalities who were in arrears in regard to the payment of their municipal dues, the amount due from them and the dates from which they have been outstanding. It was stated that these details should be published in a Press Note by Government with their remarks so that the fear of publicity might have the desired effect on gentlemen who did not hesitate to use their local influence as municipal councillors to secure special immunities for themselves. Statements* showing the names of councillors who were in arrears of

*Vide Appendix I.

the municipal dues on the 31st March 1928, are appended. So long as the councillors themselves do not realise their civic responsibility and set a bad example to others by remaining in arrears, there is little hope of the general tax payer being alert in discharging his own liabilities without coercive measures. It is very disappointing to find from the statements that the Executive of the borough municipalities concerned have failed to make use of the provisions of section 28 (1) (*e*) of the City Municipalities Act, 1925, for if special notice had been served on the defaulting councillors, they would either have not continued to be in arrears or they would have been disqualified from continuing to be members. The only inference that can be drawn is that either the executive is too lax or weak to take effective action against the councillors.

11. *Revenue derived from municipal property.*—Under this head there was a decrease of Rs. 87,000. Of this decrease as much as Rs. 1,46,000 has been shown by Sind. The Southern Division also showed a decrease of Rs. 33,000, which is partly balanced by the increase of Rs. 50,000, 24,000 and Rs. 17,000 in the Central, Bombay Suburban and Northern Divisions, respectively. In Sind a large decrease was recorded in Karachi and Hyderabad and was due to absence of demand for building land.

12. *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the improvement of water supply and drainage, for the entertainment of health officers and sanitary inspectors and for educational purposes, were Rs. 28,01,245 against Rs. 28,46,619 in the previous year. Sind and the Northern Division showed an increase of Rs. 78,000 and Rs. 13,000, respectively. This increase was counterbalanced by a decrease of Rs. 31,000, Rs. 44,000 and Rs. 60,000 in the Bombay Suburban, Central and Southern Divisions. The net decrease of Rs. 45,000 was due to the fact that educational grants hitherto given to municipal bodies were paid directly to the District Local Boards in consequence of the transfer of control of primary education to the latter bodies under the Primary Education Act, 1923.

13. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,31,26,000, Rs. 1,55,93,000 were realised from municipal rates and taxes compared with Rs. 1,50,50,000 in the preceding year, direct taxation yielding Rs. 94,31,000 or 60·65 per cent. and indirect taxation Rs. 61,62,000 or 39·45 per cent. The corresponding percentages in the previous year were nearly the same. The average incidence of taxation per head of population increased from Rs. 5-9-10 to Rs. 5-13-0. On the other hand the total income from all sources per head of population fell from Rs. 8-12-10 to Rs. 8-9-11.

14. *Working of Octroi and Terminal tax systems.*—In the Northern Division seven municipalities, *viz.*, Viramgam, Dholka, Ranpur, Gogho, Surat, Thana and Bassein continued to levy octroi. Seventeen municipalities elected to substitute terminal tax while five municipalities, *viz.*, Modasa, Borsad, Dakor, Kapadvanj and Rander have abstained from availing themselves of either of these systems of taxation. Out of the gross receipts of Rs. 4,06,459 from octroi during the year, a sum of Rs. 36,507 was granted as refunds as against Rs. 51,809 in the previous year.

In the Bombay Suburban Division, octroi is not imposed. Terminal tax is levied by the Bandra municipality and the income derived from this tax was Rs. 86,700 against Rs. 83,200 in the previous year, the increase being due to increased importation of livestock as well as other taxable articles by road.

In the Central Division the octroi system was in vogue in 34 municipalities while eight municipalities, *viz.*, Ahmednagar, Jalgaon, Raver, Dharangaon, Amalner, Chalisgaon, Dhulia and Nandgaon preferred a terminal tax. The collection from octroi amounted to Rs. 14,67,789, the net income being Rs. 12,92,354, the percentage of refunds being 11·2 against 7·58 of last year; the corresponding amount for the Southern Division was

Rs. 5,44,000 of which Rs. 18,000 were refunded, the percentage of refunds being 3·3 per cent. as compared with 4·9 per cent. in the previous year. Octroi system is in force in all municipalities with the exception of Dharwar, Hubli, Haveri, Byadgi, Kumta, Roha, Chiplun and Vengurla, which levy a terminal tax.

In Sind the system of imposing a terminal tax remained in force in the Karachi, Tatta, Keti Bunder, Kotri, Sukkur, Shikarpur, Garhi-Yasin, Ghotki, Larkana, Kambar, Mirpurkhas, Umerkot, Jacobabad and Tando Adam municipalities.

15. *Expenditure.*—The total expenditure of the municipalities during the year under report was Rs. 362 lakhs as against Rs. 343½ lakhs in the previous year. Excluding the items of " Extraordinary and Debt " the expenditure amounted to Rs. 260¼ lakhs against Rs. 255½ lakhs of the previous year. The increase in the ordinary expenditure was, therefore, Rs. 4¾ lakhs.

16. *Water supply.*—The expenditure on water supply decreased by about Rs. four lakhs mainly under " Capital Outlay," Sind, Southern Division, and Bombay Suburban Division being responsible for a decrease of about Rs. 6¼ lakhs, Rs. 30,000 and Rs. 54,000, respectively. The decrease was counterbalanced by an increase of Rs. 2,06,000 and Rs. 40,000 in the Northern and Central Divisions, respectively. The decrease in Sind was mainly contributed by the Karachi municipality, where it amounted to Rs. 6,01,000 and was due to the construction of a new conduit and well at a cost of Rs. five lakhs and to enhanced expenditure on water supply arrangements in the preceding year. In the Northern Division the increase was due to a larger amount spent by the Ahmedabad municipality in carrying out its water supply project during the year under report.

17. *Financial working of water supply installations.*—In the Northern Division the income of the Ahmedabad municipality from water rates increased from Rs. 11,46,134 in the previous year to Rs. 12,17,685 in the year under report, of which Rs. 9,45,460 were derived from the direct sale of water and Rs. 2,72,225 from the general water rate. The expenditure including interest, sinking fund instalment and depreciation charges amounted to Rs. 4,00,185 against Rs. 3,54,050 in the previous year. The working of the water supply installation at Surat showed a net profit of Rs. 85,621 against Rs. 49,356 in the preceding year. Rander, Thana and Bhiwandi municipalities realised net profits of Rs. 1,492, Rs. 14,376 and Rs. 1,659, respectively, from their water supply schemes.

In the Bombay Suburban Division none of the municipalities own an independent water supply system. Bandra and Kurla municipalities obtain their water supply from the Development Department at the rate of annas 7 per 1,000 gallons.

In the Central Division the Dhulia, Trimbak and Satara City Water Works showed a profit while the Ahmednagar, Jalgaon, Vita and Nasik Water Works showed a loss. In the case of the Jalgaon municipality the water works are self-supporting, but the expenditure incurred during the year for the Girna Water Supply Works, which are yet in progress, resulted in a loss of about Rs. 2,000.

In the Southern Division the water works at Bijapur, Dharwar, Alibag, Roha, Matheran and Panvel worked at a loss. At Hubli the water supply accounts showed a profit of Rs. 5,588. Pen also showed a profit.

In Sind the water supply accounts of the Hyderabad municipality showed a total revenue of Rs. 1,58,000 and an expenditure of Rs. 1,16,000, leaving a closing balance of Rs. 42,000. In Sukkur, the revenue amounted to Rs. 84,000 and the expenditure to Rs. 69,000. A sum of Rs. 23,000 was derived from the direct sale of water.

18. *Drainage.*—The expenditure under this head for the year under report was Rs. 21,48,000 against Rs. 18,62,000 in the previous year, Sind

alone being responsible for an increase of Rs. 6,80,000 due to an expenditure of about Rs. 7 lakhs incurred by the Karachi municipality on a new drainage scheme. This increase was counterbalanced by a decrease in the expenditure in all the Divisions.

In the Northern Division the decrease of Rs. 1,06,000 was chiefly due to a smaller amount spent by the Ahmedabad municipality upon its drainage project during the year. No works were carried out in the Bombay Suburban Division.

In the Central Division there was a net decrease of Rs. 2,60,400 under this head, which was mainly due to less expenditure on works in connection with the Poona Drainage Improvement Scheme during the year. Jalgaon, Parola, Chopda, Dharangaon, Erandol, Ahmednagar and Nasik municipalities spent sums in constructing drains and gutters.

In the Southern Division the expenditure decreased by Rs. 5,000, Dharwar and Bijapur Districts being responsible for a decrease of Rs. 35,000 and Rs. 5,000, respectively. This decrease was counterbalanced by an increase of Rs. 37,000 in the Belgaum District.

19. *Conservancy.*—The expenditure under this head for the year under report was Rs. 33,58,000 against Rs. 32,84,000 in the previous year. This increase was contributed by Sind, Central and Bombay Suburban Divisions. Northern and Southern Divisions showed a decrease of Rs. 42,000 and Rs. 19,000, respectively. The expenditure represents—

(1) the cost of construction of new latrines, gutters, etc.,

(2) cost of new staff employed and increments in pay to staff,

(3) purchase of motor lorries, dust bins and other requirements.

20. *Road expenditure and appropriation of wheel tax and road tolls for that purpose.*—The expenditure incurred under this head amounted to Rs. 23,79,000 against Rs. 23,34,000 in the previous year. The Central Division contributed about Rs. 1 lakh to the general increase while the Northern and Southern Divisions showed a decrease of Rs. 35,000 and Rs. 25,000, respectively. Variations in Sind and in the Bombay Suburban Division were insignificant. Several municipalities still persist in disregarding the rule that the whole of the net receipts from wheel tax and road tolls after making allowance for the cost of collection and one-third expenditure on watering roads should be expended on road repairs and road construction. In the Northern Division Dhandhuka, Gogho, Ankleshwar, Rander, Bulsar and Bassein Municipalities have made default in this respect. Rander and Bassein again figured as the worst offenders. In the Central Division the majority of the municipalities spent more on their roads than their income from wheel and toll taxes—exceptions being Sangamner, Nandurbar, Shahada, Taloda, Sindkheda, Trimbak, Bhagur, Islampur, Karad, Satara City, Tasgaon, Barsi, Sangola, Saswad, Jejuri, Baramati, Indapur, Sirur, Talegaon-Dabhade, Alandi and Junnar.

In the Southern Division municipalities in general have recognised the importance of the rule and have spent more on their roads than the income derived from these sources. In Sind the Tatta, Garhi-Yasin, Kambar, Ratodero, Bubak, Umarkot and Jacobabad municipalities failed to spend fully the income which accrued during the year from the levy of wheel tax and road tolls.

In the Northern Division no progress is reported to have been made by any of the municipalities in prescribing the regular lines of streets during the year. In the Bombay Suburban Division the Bandra municipality made progress in acquiring four set back lines on different roads. The Kurla and Ghatkopar-Kirol failed to take any action in the matter.

In the Central Division with the exception of Dhulia, Nandurbar, Nasik, Igatpuri, Sholapur, practically no progress was made.

In the Southern Division Haveri aligned a good number of streets; Matheran has aligned all its roads. During the City survey of the town the regular line of the main street was prescribed in Panvel. Dharwar took

action in respect of one street only. No action was taken by any other municipality in this Division.

In Sind, Karachi and Hyderabad prescribed regular street alignments. No action in this direction appears to have been taken by Garhi-Yasin and Rohri. The Jacobabad municipality promised to comply with the provisions of section 91-A of the Bombay District Municipal Act on receipt of the City survey map but failed to take any action although the map was received long ago.

21. *Public Instruction.*—The total expenditure under this head amounted to Rs. 50,44,000 against Rs. 45,96,000 in the preceding year. In the Northern Division the increase of Rs. 3,04,000 under this head was shared mainly by the municipalities of Ahmedabad, Surat, Broach and Kalyan. The increase of about Rs. 2 lakhs at Ahmedabad was mainly due to the construction of new schools. Broach showed the increase on account of the introduction of compulsory primary education. Kalyan was responsible for an increase of Rs. 26,000 due to the transfer of the control of primary education from the District Local Board to the Municipality.

In the Central Division the increase of Rs. 37,000 was shared by the municipalities in the districts of Ahmednagar, Nasik, Poona and Satara. In the Southern Division as a result of the transfer of the control of primary schools to the District Local Boards a decrease of Rs. 66,000 was recorded and was shared in by all Districts except Dharwar and Kanara. The figure for Sind has risen by Rs. 1,59,000, the increase mainly being distributed among the Karachi, Hyderabad, Sukkur and Shikarpur municipalities. The Bombay Suburban Division was responsible for an increase of Rs. 14,000 due to increased expenditure in Bandra and Kurla municipalities.

22. *Closing Balance.*—The year's working resulted in an increase of Rs. 17,70,000 in the total closing balances. Sind and the Central Division were responsible for increases of Rs. 16,04,000 and Rs. 1,95,000, respectively, while the Northern and Bombay Suburban Divisions showed decreases of Rs. 17,000 and Rs. 11,000, respectively. In the Southern Division, the total closing balance was practically the same as last year, *viz.*, Rs. 7,90,000. The aggregate closing balance of all the municipalities in the Presidency including Sind amounted to Rs. 1,31,62,000 against Rs. 1,13,92,000 in the preceding year. In Sind the total income rose by Rs. 16,86,000 and the total expenditure fell by Rs. 1,45,000. The actual balance excluding deposits amounted to Rs. 90·05 lakhs, of which Rs. 73·94 lakhs appertain to the Karachi municipality.

23. *Audit of Accounts.*—The Accountant General's Local Audit Department audited the accounts of all the municipalities in the Presidency including Sind during the year under review with the exception of Borsad, Belgaum, Guledgud, Byadgi, Sirsi, Pen, Ratnagiri, and two municipalities in Sind. The principal defects noticed in audit were (1) unsatisfactory finances, (2) heavy arrears, (3) arrears due from councillors, (4) disregard to rate-payers' interest, and (5) delay in disposal of audit notes. These have been common and persistent in the case of the majority of the municipal towns. Several irregularities were brought to light and methods of improvement suggested but compliance with the suggestions is always slow. The duty of seeing whether adequate action is taken on the audit notes has now been imposed on the Commissioners and District Officers. Government hope that the new system will be effective in stimulating the local bodies to be prompter in the disposal of the audit notes and objections. In the Northern Division serious irregularities were brought to light in the case of the Ahmedabad, Dholka, Modasa, Anand, Dakor, Nadiad and Godhra municipalities. In the Central Division the Karad municipality was asked to take strong measures for the recovery of arrears which were heavy. Owing to maladministration the municipalities of Indapur and Saswad in the Poona District were recently superseded by Government. Mainly as a result of the negligence of the executive the Poona Suburban municipality lost a large amount of interest by not re-investing at the proper time the monies due from expired securities and

deposits. In the Southern Division the audit of accounts in Bijapur, Panvel, Uran, Karwar, Bhatkal and Vengurla disclosed irregularities both in the administration of finances and in the maintenance of accounts. The state of affairs in Dharwar does not appear to have been so deplorable as at the last audit though the collection department still left much to be desired. In Sind the Examiner brought to notice large arrears in the case of three municipalities, *viz.*, Kotri, Tando Allahyar and Tando Adam.

24. *Grants for sanitary and town-improvement schemes.*—As usual a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, good roads, hygienic school buildings with adequate play grounds, improved conservancy arrangements, municipal office buildings, dispensary buildings, markets, slaughter houses, etc., are reported to be the pressing and general needs of the municipalities. Government have hitherto, so far as the state of their finances permitted, assisted these bodies towards the attainment of the more important requirements by granting loans and grants-in-aid. The grants made during the year were :—

Municipality	Purpose	Amount of grant-in-aid
		Rs.
Kapadvanj	... Water supply	... 53,649
Surat	... Water supply	... 12,000
Poona City	... Drainage	... 2,03,574
Jalgaon	... Water supply	... 60,000
Pandharpur	Drainage	... 12,096
Matheran	... Water supply	... 18,021
Mahableshwar	... Water supply	... 9,300
Karachi	... Water supply	... 25,000
Tando Adam	... Drainage	... 17,716

Part II.—Remarks Regarding the Principal Municipalities.

25. *Ahmedabad.*—Government are pleased to note that the Ahmedabad municipality continued to carry out improvements in water supply and drainage. The rise of the figure of arrears of collection of taxes is regrettable and Government hope that the municipality will take vigorous measures to collect them. The fact that no arrears of taxes were due from any municipal councillor is satisfactory. There was a marked improvement in public health as the total number of deaths decreased from 13,339 to 11,356 and the rate of infant mortality dropped from 425·9 to 300·99 per thousand.

Surat.—Government note with regret that the arrears of municipal taxes continued to be heavy and that the efforts at collecting them by the employment of a special staff failed. They hope that the new municipal board will take immediate steps to remedy the defects in the rules and will make vigorous efforts to collect the arrears by resorting freely to the coercive processes provided by law.

It is satisfactory to note that there is a distinct improvement in public health. Government trust that the municipality will continue to make further progress in this direction. They agree with the Commissioner that it is desirable that the municipality should adopt an energetic policy in connection with the maintenance of the roads. It is regrettable that the roads should have been allowed to fall into such a disgraceful condition as has been reported.

Want of harmony between the municipality and its school board continued to hamper progress in primary education. Government trust that the new board with its newly elected President will strive to establish harmonious relations with its school board.

Poona.—The administration of the Poona City municipality was fairly satisfactory. In spite of the fact that the municipality were asked by Government to take effective measures to make speedy recoveries of the large arrears at the end of the year 1926-27, the arrears at the end of the year 1927-28 increased and amounted to Rs. 94,000 of which Rs. 40,500 were on account of the previous year. The continuance of heavy arrears discloses a

regrettable lack of efficiency in the collection staff and the municipality would be well advised if it overhauls its machinery and sees that the fullest use is made of the powers under sections 104-106 of the Bombay City Municipalities Act, 1925. It is satisfactory to learn that the municipality is taking steps to improve the registration of births.

Karachi.—The municipality is making reasonably rapid advance with its important water, drainage and other sanitary schemes. At the same time it is becoming increasingly clear that with the provision of these additional necessities and amenities, new sources of revenue will have to be discovered. Government are of opinion that the municipality should consider seriously the advisability of taking steps to clarify and improve its financial position. The first step necessary appears to be the complete separation for all account purposes of revenue from capital items. The improvement in the average attendance of councillors at meetings is a satisfactory feature.

Hyderabad.—The satisfactory progress noticed in the previous year in the administration of the municipality was on the whole maintained. It is regrettable that the attendance at municipal meetings was not satisfactory. The fall in the death rate, particularly among children, shows that the health of the city is improving. However, Government agree with the Commissioner that an inadequate amount is being spent by the municipality generally on medical relief.

PART III.—GENERAL REMARKS.

A satisfactory feature regarding municipal administration is the increasing realisation on the part of the public of the importance of public health and the growing demand for such amenities as municipal water supply, drainage, conservancy and electric lighting. The list of municipal wants grows year by year but the public have not yet fully appreciated the fact that without an increase in taxation they cannot expect to realise these aspirations. The demand for modern amenities has already outrun the resources of most municipalities. Nevertheless, the total income (excluding debt services) is less by Rs. 4½ lakhs than that realised in the previous year. It is no doubt true that the Presidency is passing through a period of trade depression and that the taxable capacity of large classes of the public is not at present expanding. Nevertheless, it is the duty of the municipal councillors themselves to give a definite lead in initiating such measures as will unquestionably enure to the health and convenience of the public even though the consequent additions to taxation necessarily entail some measure of unpopularity temporarily. During the existing financial stringency the resources of Government available for aiding municipal schemes are limited but it is possible to undertake many schemes which can be made self-supporting from the outset and which the municipalities are in a position to finance by floating loans independently of Government. Government are always prepared to assist municipalities by the provision of expert technical and financial advice on such proposals.

It is an unfortunate fact that the administration of many municipalities has been marred by communal and party factions and that many municipal councillors do not exercise their functions with a single eye to the public interest. A reference has already been made to the number of such councillors who have abused their positions and set a bad example to the public by defaulting in the punctual payment of their municipal dues. The frequent adjournment of municipal meetings owing to lack of quorum is another distressing symptom of slackness on the part of the councillors. The attention of Government has also been drawn to the reluctance of several municipalities to make special services (for instance, in the matter of conservancy) self-supporting and their tendency to transfer burdens on this account from those classes which primarily reap the benefit of them to the general rate-payer. If municipalities were more strict in observing the orders of Government regarding the earmarking of the income from wheel-tax and road-tolls for the upkeep and improvement of municipal roads and of the sanitary cess for purposes for which it is levied, this state of affairs would not continue.

to escape the attention of the electorate. With the gradual growth of education it may be anticipated that a sense of civic consciousness among the general public will become more acute, and it is to be hoped that as time goes on, self-seeking councillors who obtain election from other motives than a desire to serve the town in which they live, will find it more difficult to secure election. The efficiency of many municipal services leaves much to be desired, and it is regretted that in the course of the year no general improvement has been observed.

By order of the Government of Bombay
(Transferred Departments),

R. B. EWBANK,
Secretary to Government.

Accompaniment to Government Resolution, General Department, no. P. 55, dated 13th December 1929.

* Total of columns 63 (*a*)—63 (*f*) in Northern Division on pages 12-13.

† The incidence of taxation and income is columns 73 and 74 in calculated on census figures of 1921. The revenue from water is derived not only from the population of the Municipal District but also from the cantonment area, Military, Shipping in the harbour and the N. W. R. for conveyance of water outside Municipal limits. The population so served not being included in the census figures, the item of incidence of taxation per head of population is therefore misleading as it is calculated on a smaller population than which contributes to the revenue shown.

* Besides this a sum of Rs. 32,735 was recovered as Terminal Tax on articles exported from Ahmednagar Railway Station and the incidence has been arrived at on the total receipts.

† The incidence of taxation is worked out on including export terminal tax on cotton bales, *viz.*, Rs. 25,854. The incidence of taxation excluding export terminal tax on cotton bales is Rs. 1-5-5.

‡ The figures of gross and net imports under Classes IV, V, VII and VIII in respect of Nasik Municipality are given in maunds as the Municipality is unable to furnish them in rupees. In taking the totals of the figures of gross and net imports under these classes the figures of the Nasik Municipality which represent maunds have therefore been shown separately in maunds below the total of other Municipality.
